Blue font – 60 min. instructional time. Teachers will be available to provide support and feedback after mini-lessons during the block of time. The instruction will be choice boards for all grade levels (with the exception of 5th grade math and science). Teachers will use a variety of direct instruction options: video, YouTube, Zoom, Google Classroom, instruction over power point. They will provide the students with learning activities that match the standard(s) being covered during direct instruction. While students are working independently, teachers will be on standby for questions or clarification.

Specialist (encore teachers) will split their 60 min. instructional time between two days. The grade levels they are focusing on are posted.

Green font – Student/Parent Connect times. Teachers will develop opportunities for students to interact with them in a variety of ways to ensure they are connecting with the families. They will have Zoom Chats, send emails, make phone calls, engage students in interactive videos (ex. Jack Hartman), have challenges, and engage in activities that allow students to express their feelings about their current situation. Teachers will also communicate through Facebook by uploading comments and/or pictures and commenting on student posts.

Red font – Weekly team CLT meeting times. During this time, teams (to include ESOL, SpEd, Title I and reading) will meet to determine the standard(s) being covered and discuss the best format for instruction. Grade levels will be uniform with what is posted on their web pages.

Black font – Meetings scheduled with administration or PD times for new training (ex. Canvas).
